REPUBLICAN STATE CONVENTION.

To the Republican electors of Pennsylvania, the
Republican electors of Pennsylvania, by their
constituted representatives, will meet in State
convention Thursday, April 23, 1896, at 10 o'clock
a. m., in the opera house, city of Harrisburg,
for the purpose of nominating two candidates
for representative at-large in Congress and thirty-
two candidates for Presidential electors, the
selection of said delegates to be made by the
Republican National convention, and for the
revision of such other business as may be
presented.
By order of the State Committee.

M. S. GRAY,
Chairman.
J. B. ANDERSON, Secretary.

COUNTY CONVENTION CALL.

Notice is hereby given to the delegates, who
attended the last Republican County Con-
vention, that in accordance with title 7, of
the Republican rules of Schuylkill county, a
convention will be held at Centennial Hall, Pottsville,
on Saturday, April 4, 1896, at 10 a. m., for
the purpose of electing two delegates and two
alternates for the National Convention to be
held at St. Louis, Mo., on June 16th, 1896, and
also at the same time and place to elect delegates
and alternates to represent the several Repub-
lican districts of this county to the State
Convention to be held at Harrisburg, Pa., on
Wednesday, April 23rd, 1896, in accordance with
the rules.
By the Executive Committee,

HERD W. PAYNE,
Chairman.
Ashland, Pa., March 19th, 1896. 3-20-14

PATTISON is Pennsylvania's favorite son
but if the Staffed Prophet says Carlisle, this
settles it.

The bluebirds are about due, and so is
that investigation to be inaugurated by W.
John Whitehouse.

The girl who sits in the parlor and sings
while her mother is doing the family washing
will prove a great disappointment to a poor
man.

McKINLEY would give half of Hanna's
"lubricating oil" to know what Tom Reed is
thinking about. The Speaker's silence is
awful.

If McKinley's supporters are all of the
same calibre as Magee and Finn, the
Napoleon will continue to be a private
citizen of the state of Ohio.

The Republican state chairmanship is
occupying the attention of leading politicians
just now. By the way, can anybody tell
the name of the little fellow that opposed Senator
Quay last year?

BILL HELMS writes to a county seat
paper advocating the nomination of Sam
Loach for State Senator. We suppose the
half-headed statesman reciprocates and would
like to see Bill a pastor at the state capital.

The fight for national delegate below the
mountain is becoming interesting. Besides
Congressman Bramm and Major Finney, two
others have shied their casters into the field,
County Treasurer Dechert and John
Gressang.

The suggestion thrown out by the HERALD
several days ago in reference to the news-
paper writers of this town and Mahanoy
City forming a press club, is about to bear
fruit. A meeting of those interested will be
held shortly. It might be advisable to
include all papers north of the mountain.
They need protection, and organization is
one of the most feasible means of securing
one's rights.

The police are about to inaugurate a
cruisade against corner loading, especially at
Main and Centre streets, under instructions
from the Borough Council. The practice has
come to that stage when it becomes necessary
for property owners to apply to the author-
ities for protection. It should not be neces-
sary to call the police's attention to the
matter, because at this particular corner the
street at times is almost impassable.

By reference to the call in this column it
will be found that the county convention for
the selection of national delegates will be
held on April 4th. Chairman Payne calls
upon the delegates to the last county con-
vention to assemble on that date for the purpose
above stated. With this announcement the
respective candidates will "hoop'er up" for
all it is worth. It is generally acknowledged
that Joseph McConnell, of Ashland, will be
one of the delegates. He will have compara-
tively little, if any, opposition. Mr. McCon-
nell will be a national delegate from Schuyl-
kill county. Who his colleague will be is a
question to be decided.

The Rev. Madison C. Peters, pastor of the
Blomington Reformed church, New York,
says that Christianity is popularly regarded
as opposed to pleasure. And so is Lent. To
be pious is considered a melancholy sort of
thing. To go through the Lenten season
successfully means a great deal of self sacrifice
to a woman of society. While she, apparently,
is pleased to don the garb of sackcloth and
ashes, she is loth to give up her extravagant,
self indulgent ways. Do we not find that
many people in this city often spend their
money in such a fashion that, while it fattens
their hearts, it lessens the days of their
dom? They wrap themselves up securely

in a shroud of piety and crawl away in some
secluded corner until they can again flutter
forth in the light of social observation with
all the brilliancy of butterflies. A society
woman, in her restlessness, insinuating her-
self sick, went to her physician. He gave
her a prescription: "Do something for some-
body. Listen to the moans of suffering
around you. Let your life henceforth be
marked by tears of thankfulness and mouth-
ings of grateful love. And so make the
Lenten season the happiest of all the year,
and life, death and the vast forever one
grand, sweet song."

Arrested for Alleged Wire Tapping.
CHICAGO, March 20.—William H. Mc-
Nata was arrested yesterday on suspicion
of being implicated in the wire tapping
scheme last week, whereby the pool rooms
in the city were defrauded out of \$20,000
on a false dispute from New Orleans race
track that Royal Nettle had won the last
race of the day. McNata denies that he
had anything to do with the New Orleans
coup. He says that he knows how it was
done, however.

Bound Brook Again Flooded.
BOUND BROOK, N. J., March 20.—Bound
Brook is again flooded. The water started
to rise at 2 o'clock yesterday afternoon,
and the people here fear they will again be
flooded at some weeks ago. The water at
midnight was within a few feet of the
Meadowbrook bridge, where the Central
railroad crosses the meadows. People are
moving their furniture and valuables from
the ground floors to the upper parts of
their houses.

McKinley's Growing Boom.
INDIANAPOLIS, March 20.—Republicans
throughout Indiana held their district con-
ventions yesterday and selected delegates
to the St. Louis convention. In nearly all
cases McKinley delegates were chosen,
though in many instances the conventions
gave no instructions, while the resolutions
indorsed the Ohio man.

Justice Brewer and Venezuela.
LONDON, March 20.—A letter addressed
by Justice Brewer, of the United States
supreme court, and president of the Vene-
zuelan commission, to the Peace associa-
tion, in which he expresses a hope for the
peaceful settlement of the Venezuelan dis-
pute, is published here.

Ministers Should Use Dr. Miles' Heart Cure.

THERE IS NO PROFESSION, whose
labors so severely tax the nervous sys-
tem, as that of the ministry. The dis-
arrangement of the nerve centers of the brain
by over work, frequently brings on attacks
of heart trouble, and nervous prostration.
Rev. J. P. Foster, M. D., Pastor U. B.
church, London Mills, N. Y., himself a phys-
ician, writes Feb. 29, 1895: "Heart affection
and nervous prostration had become so
serious that I could do but a little over work
in the pulpit would so completely prostrate me
that it seemed certain I must relinquish the
work of the ministry entirely."
Heart palpitation became so bad that my auditors
would ask me if I did not
have heart disease. Last
November I commenced taking Dr. Miles'
New Heart Cure alternately with Dr. Miles'
Nervine and derived the greatest possible
benefit. I have just closed revival work of
12 weeks, preaching nearly every night and
twice on the Sabbath. I can speak for hours
without suffering as I formerly did. Hard
working ministers should keep Dr. Miles'
grand Heart Cure on hand."

Settled Out of Court.

CHICAGO, March 20.—The big suit of
Swift & Co. against the packers against the
Grand Trunk Railway company, which has
been pending in the circuit courts since
1894, was dismissed yesterday by
stipulation. The terms of the settlement
did not appear in the stipulation. Swift
& Co. sued for \$800,000 which it was
claimed was due them on account of ex-
cessive charges for freight shipments.

For International Arbitration.

WASHINGTON, March 20.—The national
conference called by leading citizens of
Washington, Chicago, Philadelphia, Bos-
ton, Baltimore, San Francisco and other
cities, in the interest of permanent arbi-
tration with Great Britain, will open in
this city on April 23, and continue two
days. A large attendance is expected.

Ex-Convict Walker's Return.

WASHINGTON, March 20.—Ex-Convict
John L. Walker, who has been released
from the French prison, is stopping with
a friend in Sussex, England. He will sail
for New York on April 4. On his return
to this country he will appear before a
congressional committee, which will in-
vestigate his case.

Look Out

for breakers ahead when pimples, boils,
carbuncles and like manifestations of blood
appear. They wouldn't appear if your
blood were pure and your system in the right
condition. They show you what you need—
a good blood-purifier; that's what you get
when you take Dr. Pierce's Golden Medical
Discovery. It cures the health with it. All Blood, Skin,
and Scalp Diseases, from a common blotch
or eruption to the worst Scrofula, are cured by
it. It invigorates the liver, purifies and en-
riches the blood, and causes every organ into
healthful action. In the most stubborn forms
of Skin Diseases, such as Salt-rheum, Eczema,
Tetter, Erysipelas, Carbuncles, and kindred
ailments, and with Scrofula in every shape,
and all blood-taints, it effects perfect and
permanent cures of the worst cases.

The Verdict Caused a Suspension.

BOSTON, March 20.—In the United States
court yesterday judgment was entered
against the stock broking firm of Bates &
Whelley, of this city, in a suit to recover
\$5,000 brought by Sarah H. Prebble, of
Portland, Me. As a result of the judg-
ment the firm has announced its suspen-
sion. The case has been in the United
States courts for about ten years. Mrs.
Prebble contended that the defendant
firm had lent astray her minor son, Ed-
ward, in money matters, through includ-
ing him to speculate with negotiable
securities and money belonging to Mrs.
Prebble. On the first trial a verdict was
rendered giving Mrs. Prebble \$34,752, and
the defendants took exceptions.

A Youthful Poisoner's Confession.

St. Joseph, Mo., March 20.—The mys-
tery of the poisoning of the Dillon Taylor
family at Craig, Mo., which resulted in the
death of Dillon Taylor, his son, and the
latter's wife, was cleared up yesterday
when Gertrude Taylor, aged 13, confessed
that she was guilty of the poisoning. She
said she had formed a dislike for her
brother and his wife and her father be-
cause they would not consent to let her
have an organ, which had been in the
home for a year. Robert Taylor, who was
married only two months ago, had bought
the musical instrument, and proposed to
take the organ to his own home. Gertrude
determined on vengeance, and dumped a
box of "rough on rats" into the coffee pot.
Robert Taylor and wife, if they survive,
will be invalids for life.

Protectionists and Silverites.

WASHINGTON, March 20.—A conference
was held in this city yesterday between
the Republican silver senators who voted
against the consideration of the house
tariff bill in the senate and a number of
manufacturers, principally of Pennsylv-
ania, for the purpose of, if possible, ar-
riving at an understanding on which the
silver advocates and protectionists can
unite. While the conference resulted in
no joint declaration, those present ex-
pressed themselves as satisfied that the re-
sult would be to promote both interests,
and that an important step had been taken
in bringing them nearer together. Sen-
ators who were interviewed with regard to
the meeting expressed the opinion that
this was the first note of warning to the
Republican party against the adoption of
a single gold standard plank.

A POISONED LIVER.

Don't Keep Poison in Your Body Longer Than You Have To.

If your stomach poisons your liver the
consequences may be serious.
Undigested food which has decomposed
and gone to your liver, where they paralyze
its functions and make you ill.
Finally they go into the blood again and
are carried all over the body, disordering
your different organs, and perhaps making
you dangerously sick.

This is the origin of many diseases which
are not always known for what they are.
The poisons of undigested food can only
be got rid of by the use of a purifying,
strengthening, digestive tonic, like the
Shaker Digestive Cordial.
A few doses of this wonderful cordial will
soon clear away all undigested food, rid
poisonous substances, restore your appetite,
aid you to digest your food, purify your
liver and blood of all dangerous poisons, and
restores you to perfect health.
It will cure indigestion, flatulence, nausea,
headache, dizziness, mental depression,
weakness, fever, faintness, constipation,
loss of appetite, bad taste in mouth, stomach-
ache, anæmia, rheumatism, etc., where
other medicines will barely give relief.

ful for aliens residing or retaining their
homes in foreign countries to enter the
United States for the purpose of engaging
in any mechanical trade or manual labor
within the borders thereof while residing
or retaining their homes in foreign coun-
tries; making it unlawful to employ
aliens so residing or retaining homes in
foreign countries; also making it unlaw-
ful for aliens to enter the United States,

Died from Her Burns.

CHAMBERSBURG, Pa., March 20.—Miss
Phoebe Welsh, aged 55 years, was so badly
burned at her home in Waynesboro yester-
day that she died four hours afterward.
She had been nursing her sick father dur-
ing the night, and was preparing to retire
when she upset a lamp. Her clothing
caught fire, and the flames communicated
to the furniture, which was destroyed.
Her nephew, Charles Welsh, inhaled the
flames, and was burned about the body.
It is feared that he will die. Miss Welsh
was a cripple.

THE BAYARD RESOLUTIONS

To be Brought to a Vote in the House
Today.
WASHINGTON, March 20.—Under an
agreement reached just prior to the ad-
journment of the house yesterday the vote
on the resolutions to censure Mr. Bayard
will be taken at 2 o'clock this afternoon.
The debate on the resolutions at times
drifted into a discussion of the merits of
protection as an economic policy. Mr.
Tucker, of Virginia, who made the prin-
cipal speech in opposition, defended Mr.
Bayard's utterance, and Senator Cham-
berlain's interview was again brought for-
ward as a vindication of Mr. Bayard's
statement that protection tended to cor-
rupt public life. The Republicans vied
with each other in upholding and enlarging
protection. Mr. Pennington, of North
Carolina, announced that the candidate
who would be nominated at St. Louis
would be he who "measured up most
nearly to the ideal standard, the living im-
personation of the doctrine of protection."
Mr. Barrett, of Massachusetts, and Mr.
Grossman, of Ohio, also spoke.

China had the entire attention of the senate
yesterday, speeches being made by
Senators Gray, Chilton and Caffery, the
debate being enlivened by many spirited
incidents. Mr. Gray's plea for Cuba
brought on a running cross fire of com-
ment and inquiry from Mr. Hale. The
Delaware senator caused much amusement
by referring to Mr. Hale as "the
senator from Spain." A fresh and vigor-
ous contribution to the debate came from
Mr. Chilton, of Texas, who has seldom
addressed the senate. He urged that there
was abundant work at home to occupy
the attention of congress, instead of en-
gaging in humanitarian crusades abroad,
with their possibilities of war. Mr. Caf-
fery also opposed the Cuban resolutions.

Not to be Trifled With.

(From Cincinnati Gazette.)
Will people never learn that a "cold" is an
accident to be dreaded, and that when it
occurs treatment should be promptly applied?
There is no knowing where the trouble will
end; and while complete recovery is the
rule, the exceptions are terribly frequent,
and thousands upon thousands of fatal ill-
nesses occur every year ushered in by a little
indifference exposure and seemingly trifling
symptoms. Beyond this, there are to-day
countless invalids who can trace their com-
plaints to "colds," which at the time of
occurrence gave no concern, and were there-
fore neglected.—When troubled with a cold
use Chamberlain's Cough Remedy. It is
prompt and effectual. 25 and 50 cent bottles
for sale by Grubler Bros. druggists.

Shot His Wife and Sister.

TRIFFIN, O., March 20.—The passage
of New Riegel is in intense excitement over
an awful tragedy, which will result in
two deaths. John Moss, a wealthy brick
manufacturer, shot and fatally wounded
his divorced wife and her sister, Miss Kate
Smith. Mrs. Moss secured a divorce from
her husband last Tuesday, and he went to
her home last night and demanded that
she come back and live with him. This
she refused to do, and thereupon he shot
her three times and Miss Smith twice.
Moss defies the village marshal to arrest
him, and further trouble is expected.

Simon S. Hartman, of Tunnelton, West Va., has been subject to attacks of colic about once a year, and would have to call a doctor and then suffer for about twelve hours as much as some do when they die. He was taken recently just the same as on other times, and concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I took one dose of it and it gave me relief in five minutes. That is more than any thing else has ever done for me." For sale by Grubler Bros. druggist.

Counterfeiters Convicted.

NEW YORK, March 20.—In the United
States criminal court yesterday Nicolo
Toronto, Antonio Langone, John Rosa and
Thomas Russo, accused of selling and pass-
ing counterfeit \$5 greenbacks, were found
guilty. Toronto, Rosa and Russo were
among those put upon the stand during
the day, and they all positively denied
having had anything to do with counter-
feit money of any kind. They declared
that Steo and Degriolla, the informers
for the secret service men, had given per-
jured testimony. They were remanded to
Ludlow street jail, pending sentence.

All last winter Mr. Geo. A. Mills, of Lebanon, Conn., was badly afflicted with rheumatism. At times it was so severe that he could not stand up straight, but was drawn over on one side. "I tried different remedies without receiving relief," he says, "until about six months ago I bought a bottle of Chamberlain's Pain Balm. After using it for three days my rheumatism was gone and has not returned since. For sale by Grubler Bros. druggists.

correspondence between Secretary Hoke
Smith and ex-Speaker Crisp an arrange-
ment has been made for a joint debate on
the financial question at a number of
places in Georgia. The correspondence
opens with a letter dated March 17 from
the secretary to Mr. Crisp, and in a subse-
quent letter, in answer to a query from
the ex-speaker, Secretary Smith says: "I
am not a candidate for United States sen-
ator, and do not wish to become one. My
purpose is to join you in the financial dis-
cussion that I may contribute all within
my power to prevent the Democrats of
Georgia from committing themselves to
